METTLE MAKES US

## → MTC GROUP

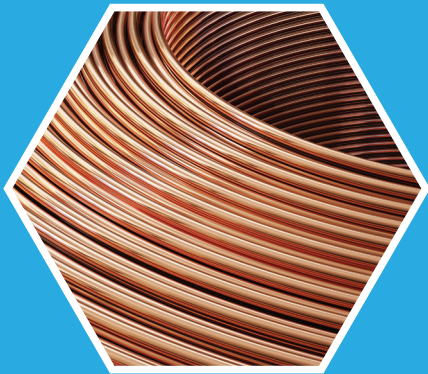

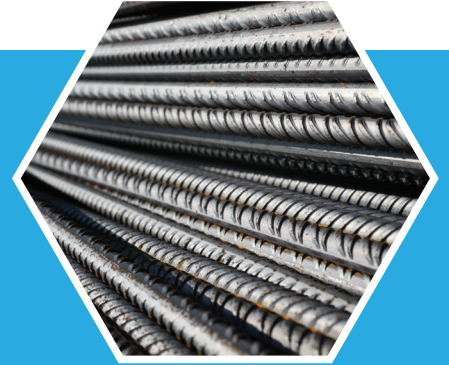

Metal isn't just a material—it's a mindset. We don't just work with it; we transform it. We breathe life into what others discard, refine what others overlook and engineer value at every step.

Based in Mumbai, MTC Group has been a driving force in the metal industry for over 50 years. Across diverse verticals - including metal recycling, ferroalloys, base and minor metals, demolition, manufacturing, ELV, e-waste and plastic recycling - we shape metal through its endless journeys.

We operate across 30+ locations in India and globally in the USA, UK, UAE and Singapore handling 2.2 million metric tons of metal annually. From crafting raw beginnings to creating sustainable legacies, we turn potential into purpose.

### STEEL MANUFACTURING

For decades, MTC Group has redefined how metals are handled, and with a relentless focus on quality, innovation & sustainability, MTC Group ensures reliable, cost-effective, & eco-friendly solutions. Our steel manufacturing plants are situated in Chennai, Bengaluru and Hospet, where we produce TMT Rebars, billets and structural steel.

### COPPER MANUFACTURING

Our group specializes in the manufacturing of copper tubes and copper alloys at our state-of-the-art, ISO-certified facility in Umbergaon, Gujarat. Our product range includes copper tubes, LWC (Level Wound Coils), PCC (Precision Cut Copper), and straight pipes.

### ZURIK & HEAVIES SORTING

We have Zurik and Heavies Segregation facilities at 2 locations in India. These facilities are equipped with automated & state of the art sorting systems including elaborate Conveyor Belt Systems & Water Tables enabling us to handle almost any grade of Zurik & Heavies.

### DEMOLITION, ELV, E-WASTE & PLASTIC RECYCLING

MTC Group specializes in sustainable waste management across multiple verticals. Our ELV recycling facilities safely dismantle and repurpose vehicles, while our advanced e-waste processes recover valuable resources & minimize environmental hazards. Through plastic waste transformation, we create reusable materials that support industries and sustainability. Our demolition and dismantling services go beyond removal, clearing the way for new developments and a circular future.

## → MGK INTERNATIONAL INC., USA

MGK International Inc., a wholly owned subsidiary of MTC Group, is based in New Jersey, USA. Established in July 2007, the company has rapidly expanded its presence in the export of ferrous and non-ferrous scrap across North and South America. Currently, we export approximately 40,000 MT of ferrous scrap and 5,000 MT of non-ferrous scrap from the USA, Canada, South and Central America, Australia, and New Zealand. Our primary markets include the Indian subcontinent, Southeast Asia, and Far East Asia. Actively sourcing loaded containers from yards, processors, shredders, and brokers, we operate on an FAS, FOB, and CNF basis.

## FERROUS SCRAP

MGK International is one of the major exporters of Ferrous Scrap from the entire North, South and Central America. We handle the following Grades of Ferrous Scrap:

- PNS
- HMS
- BUSHELLING
- CAST IRON ROTORS & DRUMS
- TURNINGS & BORINGS
- MANGANESE STEEL SCRAP
- SHREDDED STEEL SCRAP 211
- TIN CAN BUNDLES

## NON FERROUS SCRAP

MGK International handles a wide range of Non Ferrous Scrap. We are exporting following grades:

## LOW COPPER SCRAP

- MOTORS
- SHREDDED MOTORS
- ALTERNATORS / STARTERS / AC COMPRESSORS
- SEALED UNITS
- GAS METERS
- ANALOGUE / DIGITAL METERS

## COPPER & BRASS

- INSULATED COPPER WIRE (LOW / HIGH GRADE)
- COPPER CHOPS NO. 1 AND NO. 2
- BRASS SCRAP HONEY CLEAN / IRONY
- BRASS SCRAP LABEL
- ALUMINIUM COPPER RADIATORS
- COPPER BURCH CLIFF
- COPPER CANDY
- BRASS RADIATOR (OCEAN)

## STAINLESS STEEL AND ALLOY STEEL

- STAINLESS STEEL SOLIDS / TURNINGS
- STAINLESS STEEL PLATE CUTTING / REUSABLE
- LOW NICKEL STEEL
- SHREDDED STAINLESS STEEL / ZURIK
- HIGH TEMP / TOOL STEEL / HIGH SPEED STEEL
- 17/4 & 15/5 PH GRADES

## ALUMINIUM

- OLD SHEET SCRAP
- AL TENSE/AUTO CAST
- AL EXTRUSION 95/5 & 10/10
- AL FOIL | RADIATORS | UBC
- SHREDDED ZORBA/TWITCH
- AL WHEELS
- AL HIGH GRADE & MIXED TURNINGS
- AL WIRE | ACSR | TWANG

## ZINC & LEAD

- NEW ZINC DIE CAST SCRAP
- OLD ZINC DIE CAST SCRAP
- ZINC KRIKSITE
- ZINC ANODES
- WHEEL WEIGHTS
- RANGE LEAD
- SOFT LEAD SCRAP
- LEAD KEELS
